UdaPeople CI/CD

Presenter: Chu Thanh Cuong

BENEFIT OF CI/CD

- Create revenue

- Protect Revenue

- Control Costs

- Reduce Cost

Why is the benefit for revenue

- Receive requirement -> fast to release feature

- Adapt requirement from vendor -> make more trust

- Can check more license security -> make more secure

Why is the benefit for price

- Less testing -> apply automation test

- Less time for deployment -> automation deployment and

  delivery

- Less time for notification -> automation sending alert
